Issue 6 | January 2019

## Spotlight on Locums

**Dr. Samantha Van Horn** grew up in Northern BC and completed most of her training at the University of Northern BC in Prince George with a focus on rural medicine. Currently, she has been working in different rural communities throughout BC. Dr. Van Horn was in Princeton for two weeks in October 2018 and really enjoyed working in the community and is now back for the month of January. In her spare time she enjoys yoga, cross country skiing and spending time with friends/family. She would like to thank everyone for welcoming her back into the community.

**Dr. Ekaterina Slivko** will be returning this January to provide coverage to clinic patients as well as the ER. Dr. Slivko completed her medical schooling at the University of Alberta, a Bachelor's Degree in the US in Japanese Language and Culture, and completed residency in family medicine in Chilliwack. In addition to providing locum coverage in rural communities her main practice is in Addictions medicine. Dr. Slivko is a woman of many passions including chocolatier, power lifting champion and enjoys working in Princeton due to the abundance of outdoor sports including snowshoeing and cross country skiing.

Please warmly welcome Dr. Van Horn and Dr. Slivko!

## Did You Know?

A locum is a physician that works in the place of another physician when they are sick, absent or on holidays as well as when a clinic or hospital is short staffed. Locums are an essential part of our practice and healthcare teams.

To show our appreciation for locums, members of our community have put together a ["Love a Locum" campaign](#) that aims to give visiting locums a warm welcome and celebrate their role in ensuring sustainable healthcare for Princeton. A welcome basket is filled with local goodies, tickets to sporting events/ activities and gift certificates to local restaurants. All items are donated by Princeton and area residents in an effort to make locums feel at home while they're in our community.
